6ense;
Extra sense

11

7ense
Chief Scientist, Meta
R. Lo. = CTO

12

13

14

Many inventions come from research labs.
WearComp+DEG+HDR are inventions that
come from my everyday life. In this respect,
these technologies are very much IN AND OF THE REAL WORLD!

Not just me
anymore

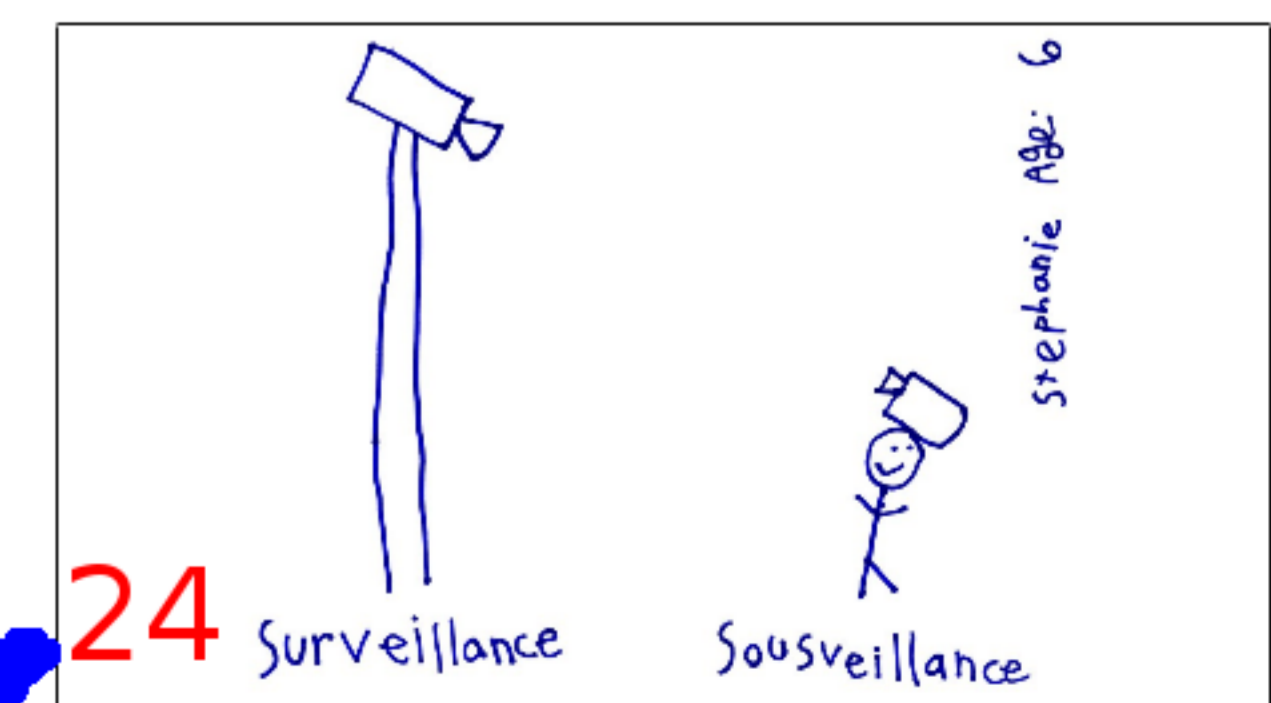

22

Stream to Police

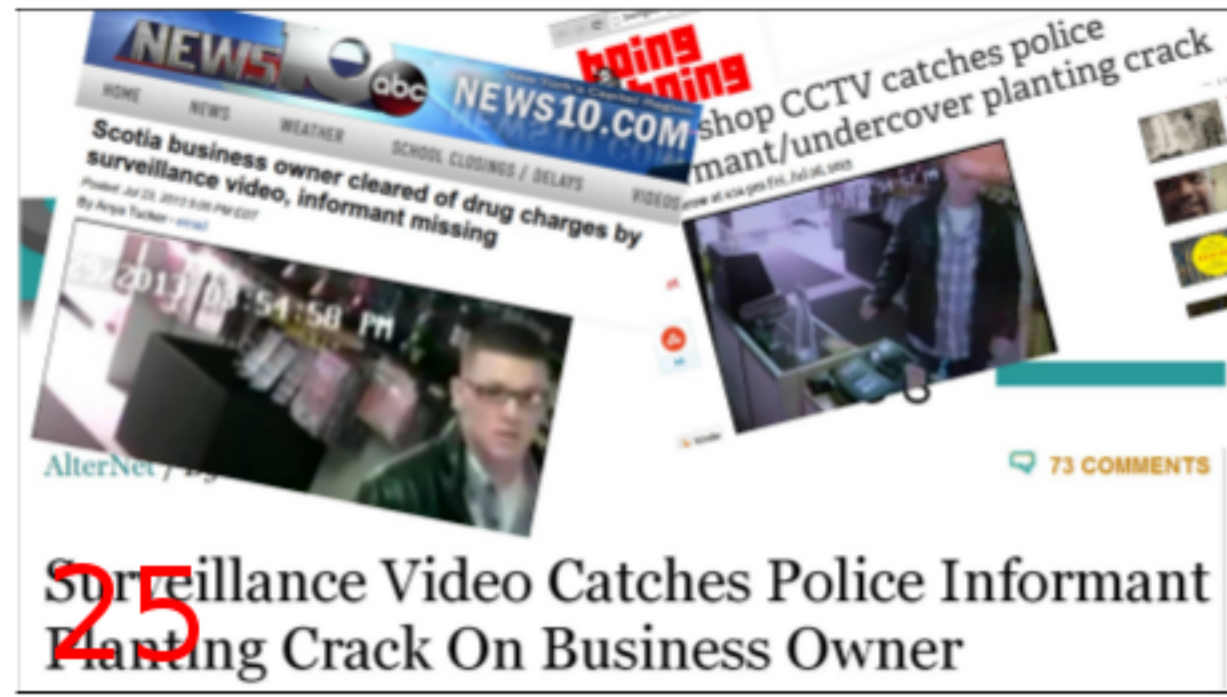

23

Buildings have more rights than people
Cars: Drive-in-Theatre, Dashcam;
Merchandise more important than people

24

Surveillance
Sousveillance

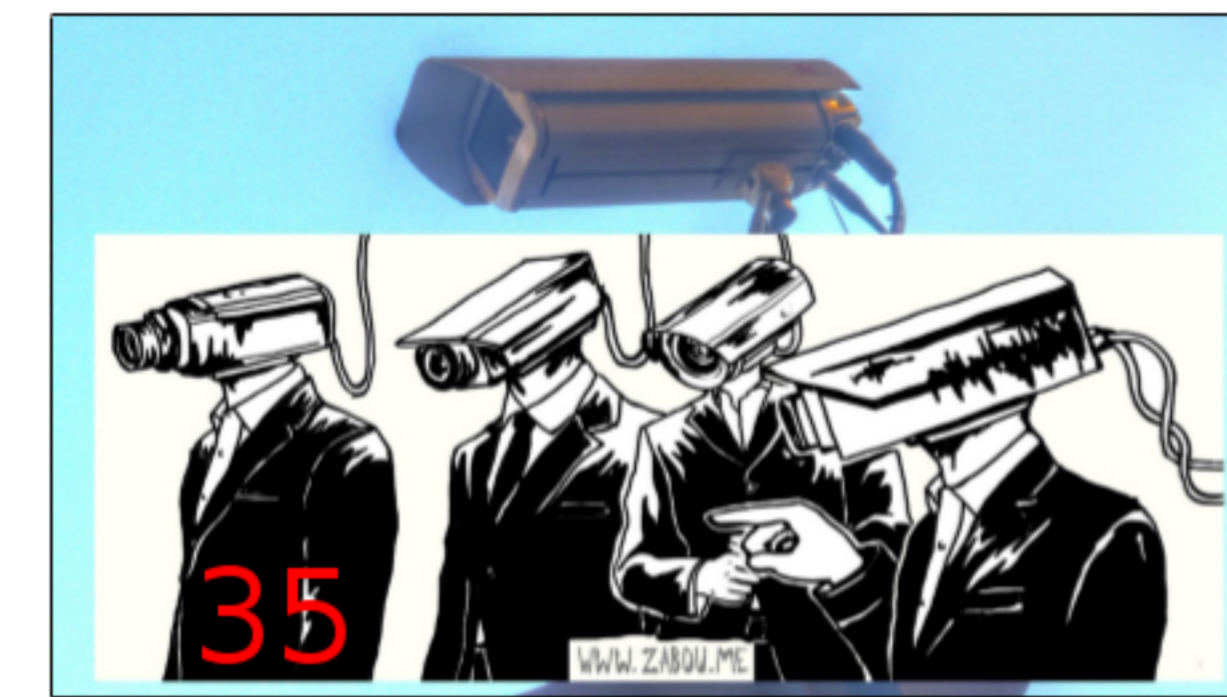

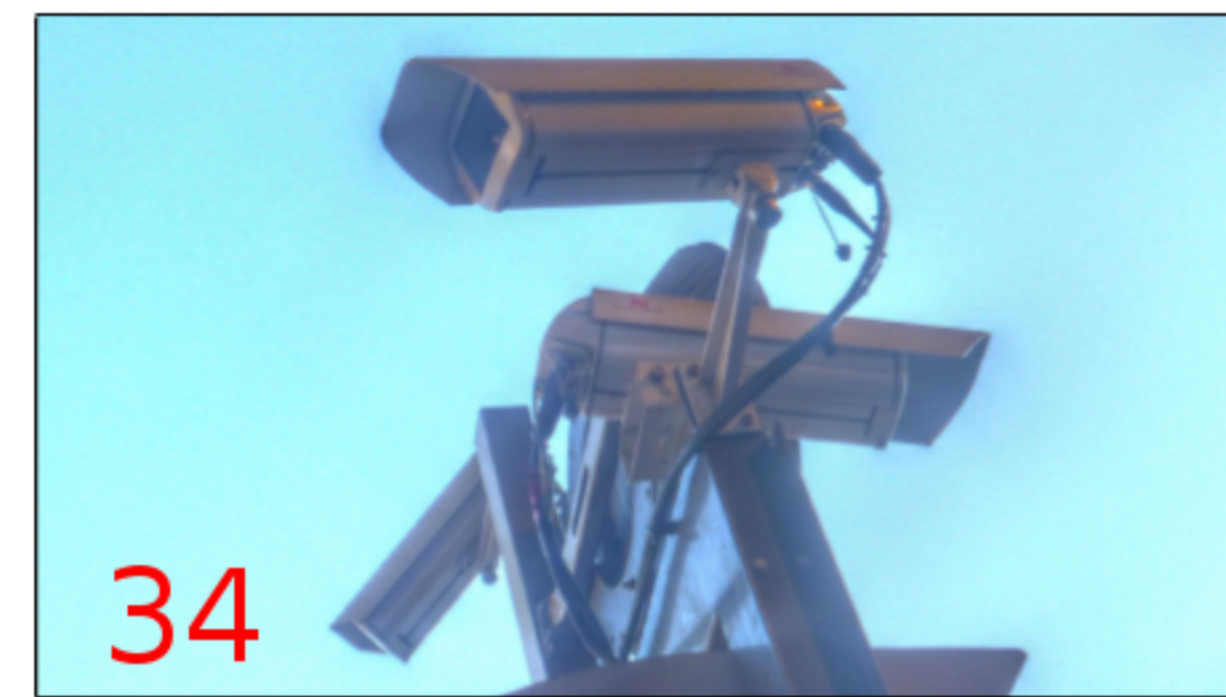

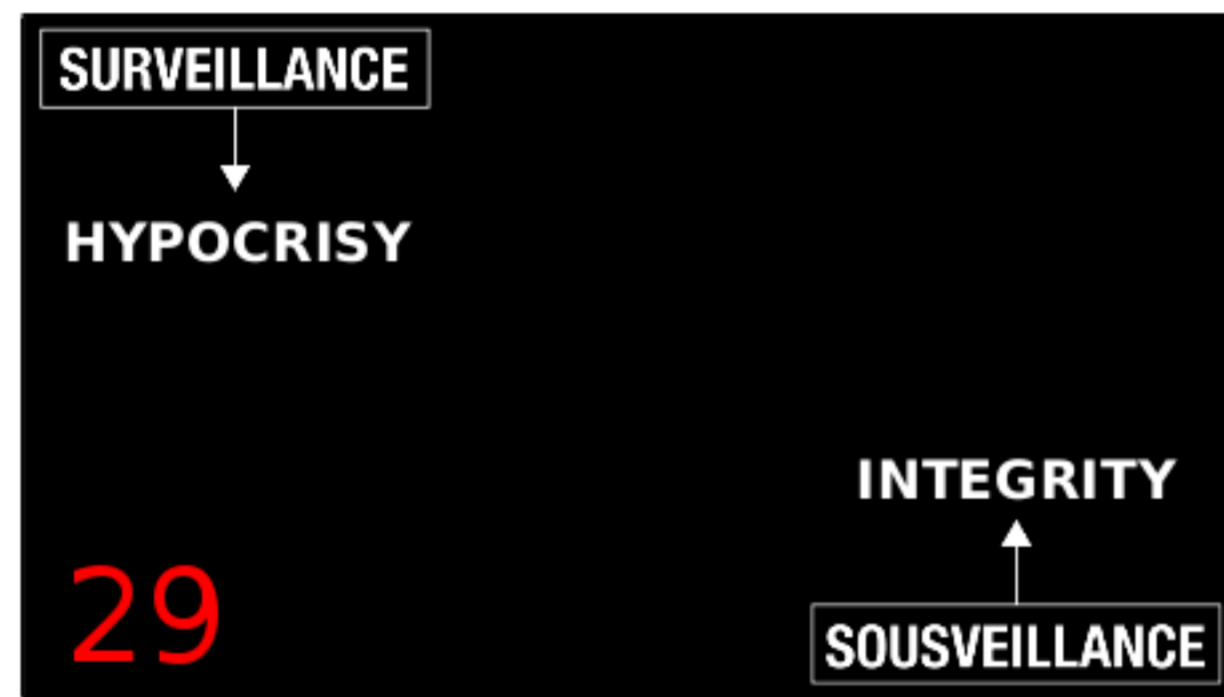

Crackpack Arch. of One

Refused to look at surv

Seeing aid v. Camera-Only; 6ense no problem in Casino

100 page Page 5, Page 10 A, B, Custodian; T&T

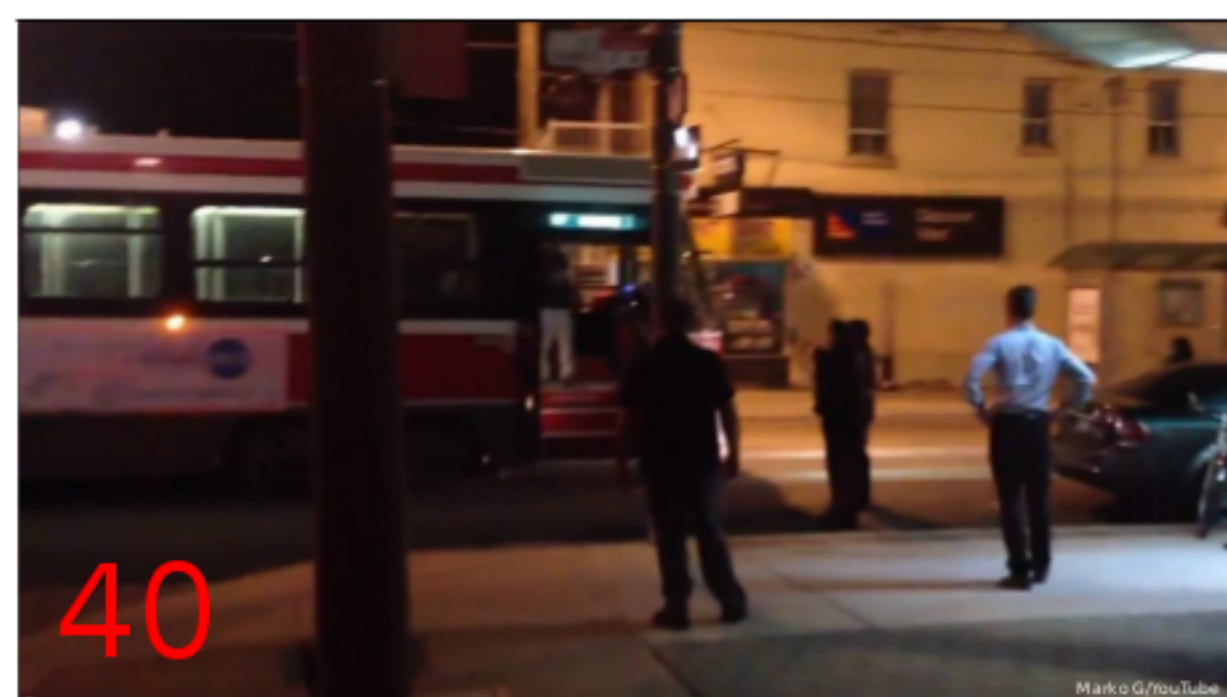

1 inch from eye; Human Rights LAW; Liabilization; Lawyer suggested Rec.

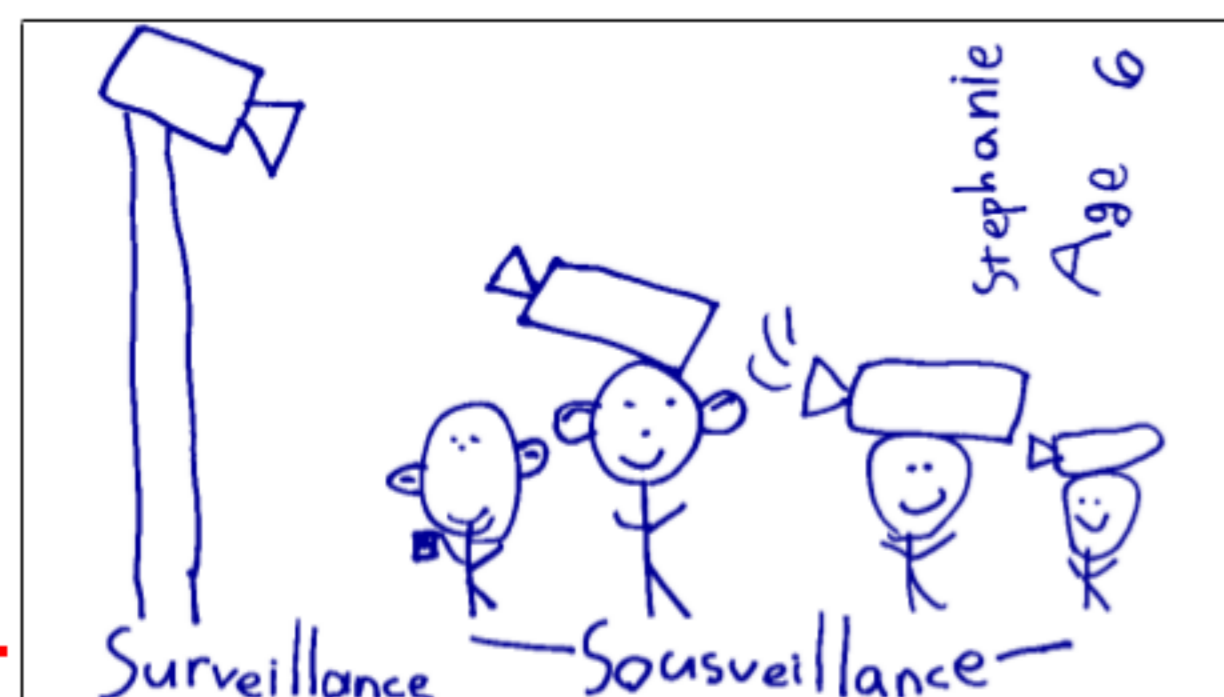

Another example is Data Corruption

Jean Charles; Should Police wear Cameras

Sammy Yatim; Knife; Surrounded by Police

Sousveillance + its open nature (contrast secrecy of surv.) crowdsourcing+soc. net., brought situation to public eye. Jean: no charges; Sammy: officer charged with murder.

"See something? Say something" ... with pictures and video! #sousveillance #undersight
